**Federal Order Explanations**

- 1/1 is to move to defend West and East McPherson's Ridge. It is authorized to attack to clear the area east of Willoughby Run as needed. Assign 1<sup>st</sup> Corps HQ any hex location west of Seminary Ridge and east of West McPherson's Ridge. Hall's Battery has not yet been assigned a posting hex.
- Take over as Acting Army Commander when Reynolds is killed. Howard cannot issue any orders until he begins a turn occupying N36.45 and sees "the lay of the land."
- Move N61.35 to N35.31 and rejoin 3/1. *Double Quick* when able.
- 1/3/1 and Cooper Battery are to follow Willoughby Run to the Fairfield road, then east to McPherson's Ridge and finally north to join the rest of the Corps.
- These units are to rejoin their Command. 2/1 Div can *Double Quick* when able.
- The player can assign any desired hex for the 1 Corps HQ that makes sense with whatever orders 1/1 has been given at this point, but that hex must be on or west of Seminary Ridge.
- 1/11, 3/11, 11 Corps HQ and Artillery: Move to N47.43  
2/11: Move N49.45
- Move to N48.46
- Move to the acting army commander and take over command of the army on the field until Meade arrives.
